

## Report of QC Chairman to GA, 2/2020

QC has done a great deal of work over the past 15 months. However, the dominant feature has been that there was no Congress held in 2019 and therefore no QC meeting. The forthcoming abbreviated GA will also not contain meetings of Non-Elected Commissions, and the proposed meeting later in 2020 will unusually be held at the venue apart from the Olympiad, so attendance may be limited. This has disrupted the normal cycle for the updating of regulations and we shall have to adapt to the new format.

We did hold a meeting of Councillors in 2019, which was highly productive and included a line by line review of all regulations relevant to QC areas of interest. We have now been asked for further information on our recommendations and are framing our response.

A further meeting of Council is now being arranged for March 2020 at which I hope to be able to inform my colleagues of discussions in the UAE. While no 2020 Budget has yet been discussed I assume that this will be approved.

The most important issues currently under consideration are briefly as follows.

1. The rating system for standard games appears to be working well, with only some minor tweaks required. It is time for one of Jeff Sonas' regular "health checks".
2. The rating system for rapid and blitz games can safely be said to have completed its original test period and is due for significant updating, with detailed input from JS.
3. The title system via norms is generally working well and only minor tweaks are required.
4. Direct titles have been reformed to good effect, but there are still areas of dissatisfaction to which we have suggested solutions.
5. QC has been pointing out for several years that the financial

regulations relating to titles and ratings still relate to an entirely different era and are unfit for purpose. We have made specific suggestions and have recently learned that we shall have the opportunity to discuss these with FIDE's financial adviser.

6. The regulations relating to licencing of players ( does this concept still even exist? ) and change of federation ( particularly but not limited to FID status ) are unclear to us. We have made recommendations for changes, but understand that these matters have now been taken under the direct control of the Presidential Board.

It looks unlikely that there will be time for proposals to be discussed by GA in the UAE, and in any case there will not have been a QC meeting to confirm them. I hope that I shall have the opportunity to discuss them with the appropriate FIDE officers, so that we can prepare a plan of action ahead of the proposed GA in Khanty-Mansiysk.
