- The result of the games between the players involved in the tie
- The number of wins in the tournament of every player involved in the tie.
- Sonneborn – Berger System.

7.4 If there are two (2) players in tie for the first place after applying the procedure described in 7.2, a tie-break play-off (two games are played with time control of 5 minutes for each player. If there is still a tie, one 5/4 minutes game with no increment and the black qualifies if the game is drawn) is held between these players to determine the winner. All other ties not broken by 7.2 are decided by drawing of lots.

7.5 If there are more than two (2) players in tie for the first place after applying the procedure described in 7.2., the drawing of lots decides two (2) players who participate in a tie-break play-off (two games are played with time control of 5 minutes for each player. 8. DISCONNECTIONS AND TECHNICAL ISSUES

8.2 An individual delayed or lost connection may lead to a forfeit upon the decision of the Chief Arbiter.

8.3 In case of a force majeure event affecting several participants in different locations (e.g., a global or regional Internet outage, a power outage caused by a natural disaster, a widespread server-side failure), the Chief Arbiter will decide in the best interest of the competition upon consultations with the Online Play Administrator. This decision can include adding time to affected players; suspending, resuming, or replaying affected games; and other measures in the Chief Arbiter's sole discretion.

8.4 The Chief Arbiter's decisions under Art. 11.2 or 11.3 of these Regulations cannot be appealed.

by the organizing Committee in consultation with the Chief Arbiter, consisting in fair-play experts.

9.3 During any stage of the tournament players will be required to join a ZOOM call, sharing their screen and activate their cameras.

9.4 At any moment, FPP works to ensure fair results for each game and may apply or suggest the chief arbiter any measures that it considers necessary and sufficient in order to ensure fair-play conditions during the tournament.

9.5 Based upon the results of the anti-cheating algorithm and/or other evidence deemed sufficient by the FPP to establish a cheating incident, the chief arbiter has the right to disqualify any player for a suspected fair-play violation during the course or after conclusion of any tournament. The disqualified player may be declared lost in all the games he/she played in the tournament. The decision of chief arbiter to disqualify a player for a suspected fair-play violation is final and is not subject to any appeal, review or other challenge.

9.6 Detailed information about each fair-play violation case on any stage of Event is submitted to FIDE.

9.7 The Chief arbiter, in consultation with FPP may decide in the case of a clear or gross violation, or repeated violations, to refer the matter to the FIDE Ethics and Disciplinary Commission which may exclude the player from all official chess participation, including over-the-board events for a period up to 15 years.

9.8 By entering into the tournament each player accepts the above-mentioned Fair-Play measures as a condition of entry in a voluntary sports event and agrees that his/her participation takes place subject to these Fair-Play measures. Each player acknowledges and agrees that he/she consents to the transfer of all his/her personal data by HIP to FIDE, including his/her real name, games played, evidence of compliance with the fair play rules, including video recording of games (if any).
