3) ARBITERS IN WORLD EVENTS

Following the introduction of panels for the selection of arbiters in World Events, it is key for FIDE to ensure that the selection process is well under control and the regulations are followed by all actors involved. Otherwise, the integrity of the system might be at risk and the objective of continuous improvement spoiled.

Reminder

Arbiters may be appointed in World Events in accordance with several published regulations:

- B06.3 Classification of Arbiters: this gives the global framework based solely on titles and categories. In particular, the character of exception when selecting National Arbiters, that must be validated by the ARB in advance.
- B06.4 Selection of Arbiters in World Events: this summarizes the usage of panels and the duties of the FIDE commissions (EVE, GSC, DIS) and organizers in terms of consultation/validation by the ARB when forming teams for world events.
- Other regulations, specific to the event (e.g. Chess Olympiad, World Cup etc.)

While we could observe some efforts to comply, the ARB is not yet systematically involved as documented in the regulations, so we expect all parties to improve this in the future.

The ARB also kindly requests that the calendar of nominations is handled on a full year basis, so that the panels may be better consulted for their wishes and availability. This would help all actors to make more appropriate selections with a global view on the pool of arbiters.

For this new section, the period covered is from the 1st January 2022 till the 10th October 2022.
Twelve (12) events were organized (5 GSC and 7 EVE). Note that the World Rapid & Blitz for Cadet (U12) and Youth (U18) were organized simultaneously, so they may be exceptionally counted as a single event.
322 Arbiters from 103 Federations officiated in World Events during the period. Below is a summary table focusing on the gender representation, to keep it simple in this first reporting on the topic.
