

Recommendations for approval by
the 1st FIDE COUNCIL 2024
(online, April 8th - 13th, 2024)

The present report presents the ARB Commission's activity, the list of FIDE Arbiters' Training Seminars, norms achieved and title and accreditation recommendations for approval by the FIDE Council.

The period covered is between November 18th, 2023 and March 27th, 2024. It was prepared in collaboration with Nebojsa BARALIC, Secretary of the Commission.

Note: other activities of the FIDE Arbiters' Commission are regularly reported on <https://arbiters.fide.com>

1) ARB ACTIVITIES IN THE PERIOD BETWEEN TWO FIDE COUNCIL MEETINGS

During the period between November 19th, 2023 and March 27th, 2024 in FIDE Arbiters Commission (ARB) we worked on the following topics:

- A) Arbiter Stipend Regulation,
- B) International Arbiter Certification Seminars,
- C) Refresher Courses,
- D) Call of Interest for arbiters at the 45th Chess Olympiad,
- E) FIDE Arbiter Seminars,
- F) Questions and answers,
- G) Problems – cases NA arbiter,
- H) 100 year FIDE Awards, FIDE rules changes, Guinness record,
- I) ARB Disciplinary Subcommittee - Cases,
- J) Arbiters' Manual 2024,
- K) Articles on ARB webpage.

A) Arbiter Stipend Regulation: As mentioned in previous reports, ARB would have liked to reach its goal and provide all arbiters (not just Chief Arbiters and Deputy Chief Arbiters but also Match Arbiters as well as Local Arbiters) appointed for FIDE World events with fair conditions (including arbiter stipend as well as travel costs and accommodation). The proposal of this Regulations was presented in Handbook Style to FIDE Council, and it was approved on March 26th, 2024 (effective from April 2024).

B) International Arbiter Certification Seminars: After the last FIDE Council we managed to launch International Arbiter Certification Seminars (IA Seminars). These IA Seminars are important part of education of arbiters, therefore after 1st January 2024 every arbiter who would like to become International arbiter would need to pass IA seminars. It had been explained to arbiters that it was not an obstacle but a step forward, so we can have better prepared and educated arbiters. Together with FIDE arbiters' seminars and Refresher Courses we wanted to establish a

good system of education, each arbiter must understand how important it is to keep up with all changes. In March 2024 two IA Seminars were already organized and we planned to organize other two in April 2024. At that moment, we have chosen Lecturers for other IA Seminars. The interest to participate in these seminars was great, FIDE Arbiters understood the necessity of passing IA Seminar as a condition in order to become International Arbiters.

- C) **Refresher Courses:** As mentioned above, once we finish the concept of IA Seminars, we would like to focus on Refresher Courses. Here we would have needed an assistance from FIDE regarding IT support so we could present the final product – self-pace program prepared for all International and FIDE Arbiters. The team working on Refresher Courses divided the topics among its members and we expected setting some technical grounds so the program would have the same structure.
- D) **Call of Interest for arbiters at the 45th Chess Olympiad:** At the end of January 2024 we launched the Call of Interest for the 45th Chess Olympiad in Budapest (Hungary). This way we would get necessary information from arbiters who wanted to join the team of arbiters for this top event. The Call of Interest lasted for one month and results were shared with Continental Arbiters' Commissions and all national federations. We also organized a meeting with the representative of all Continental Arbiters' Commissions and discussed the way how to prepare nomination of arbiters for the Olympiad as well as present it to GSC and FIDE President. The interest from arbiters was huge, 754 arbiters from 130 federations participated. All Continental Arbiters' Commissions were asked to present their proposals. National chess federations were also contacted, and we have been expecting their opinion on arbiters from their federation. The plan was to present a proposal for 12 Sector arbiters, 4 members of the Technical Administration Panel (TAP), and 140 match arbiters (other 60 arbiters should have been nominated by hosting country – Hungary. Positions of Chief Arbiter and Deputy Chief Arbiters were to be decided by FIDE President. ARB made its own proposal. We planned to organize a seminar in June 2024 for arbiters from Hungary taking place in Budapest with purpose to prepare them for the Olympiad (expected duration: one weekend).
- E) **FIDE Arbiter Seminars:** As mentioned in previous reports FA seminars are an important part of education of arbiters. Arbiters who successfully pass the exams should be prepared to act as arbiters on all FIDE events. Here we realised the difference between levels of FA Seminars, depending on the Lecturer. Therefore this was also a reason to review the list of Lecturers in the future.
- F) **Questions and answers:** Not only arbiters, but also chess players, organisers, and trainers, knew that ARB is prepared to answer their questions, mostly regarding the explanation of Laws of Chess as well as other regulations. Many requests dealt with specific situations that arose during the chess game and our team provided them with the correct opinions.
- G) **Problems – cases NA arbiter:** During this period, we dealt with two cases where arbiters asked their federation to become National Arbiter but federation refused to send us an application. It led to arbiters contacting directly ARB. We opened the conversation with both, arbiter and federation to be sure that there was no valid reason not to let the arbiter become an NA arbiter. It looked that in both cases the national federation set high standards for becoming an NA (norms from national tournaments and seminar as well as successfully passed test). We respect these conditions just one to ensure that there was an equal attitude towards all arbiters (no discrimination based on gender or other not acceptable reasons).
- H) **100 year FIDE Awards, FIDE rules changes, Guinness record:** Members of ARB (Chairman and Secretary) are members of teams preparing FIDE 100 Awards, FIDE rules changes and Guinness Record.
- I) **ARB Disciplinary Subcommittee – Cases:** FIDE Arbiters Disciplinary Subcommittee made a decision in third case (it was subject of an appeal, so final decision was to be taken by appellate

body – FIDE Council). One other case was submitted to Ethics commission, as it belonged to that commission rather than to ARB.

- J) **Arbiters' Manual 2024:** Team of experienced arbiters and members from other commissions was established, the leader of this team IA Rathinam Anantharam organized first ZOOM meeting with its members. Arbiters Manual should have been finished before the 2024 Olympiad in Budapest. Arbiters' Manual, its new edition for 2024, should keep up with all changes in FIDE Regulations and also explain some problematic parts, where arbiters ask for more detailed explanations.
- K) **Articles on ARB webpage:** The team prepared interviews with arbiters. In FIDE Arbiters Corner on our webpage we presented articles written by experienced arbiters as a good source of information, explaining some problems and process of taking decision mostly by Chief Arbiters.

Goals which were to be achieved in the following period:

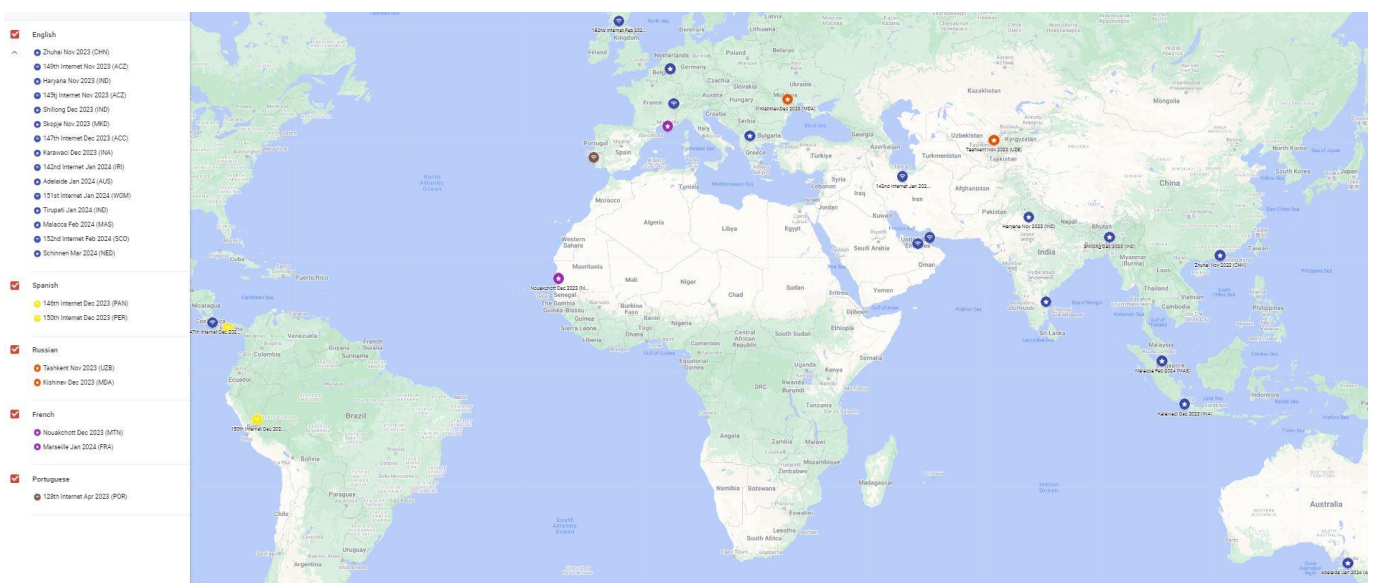

- 1) Present a proposal of arbiters (all positions) for the 45th Chess Olympiad to GSC and FIDE President.
- 2) Start new FIDE Lecturer Training Programme (LTP) according to 2.2 B.06.2 – FIDE Regulations for the Training of chess arbiters, give chance to become Lecturer to new profiles, both men and women and especially from parts of the World where there is a need to cover FA Seminars with new Lecturers.
- 3) Maintain high standard of FA Seminars.
- 4) Continue with IA Seminars, so all FIDE arbiters can participate and get the required norm to become International Arbiters.
- 5) Continue with process of checking the tournament norms of arbiters and prepare and present material for FIDE Council for approval (FA arbiters, IA Arbiters and upgrades in their categories).
- 6) Propose arbiters for World Events, with respect to gender, rotation, geographic areas as well as to give a chance to new and suitable arbiters.
- 7) Make progress with Refresher Courses, start working on materials for each topic (content).
- 8) Work on other topics that arise during this period.
