

According to the FIDE Financial Regulations (art. 1.6.):

1.6 The maximum amount of rating fees paid by one federation (including fees for rapid and blitz tournaments) cannot exceed an annual amount of EUR 35,000 in 2022-2023

and an annual amount of EUR 40,000 in 2024-2025. **The maximum amount of rating fees for the subsequent years is subject to approval by the General Assembly in 2025.**

Given the above, the 2025 Assembly must also decide on the rating fees, as directly stipulated by the Financial Regulations.

In this regard, along with the budget approval, the Assembly is also proposed to adopt a decision determining the amount of the rating fees, namely:

"The maximum amount of rating fees paid by one federation cannot exceed an annual amount of EUR 45,000 in 2026-2027. The maximum amount of rating fees for the subsequent years is subject to approval by the General Assembly in 2027.
