Observations

Planning and Development Commission

- Many Federations have been severely impacted by COVID-19. Especially financially and there has been a dramatic reduction in sponsorships. Though a few have been able to resume over the board play, many countries have gone into their second 'lock downs'.
- A few federations continue to struggle with being able to source competent staff/human resources in the management of the federation and its activities
- Chess is still not seen as a sport in a few jurisdictions. This has hampered the federations' ability to secure the much-needed sponsorship as the profile is not as high as other sports e.g. athletics, soccer, etc....
- Training of players is one of the primary objectives of many developing federations as they seek to develop IMs and GMs
- Federations have challenges in managing their arrears even though a few have been able to set up payment arrangements. This has impacted the receipt of FIDE funding
- Multiple requests for rating of tournaments using hybrid version of play where players are in a venue supervised by arbiters.

FEDERATION HANDBOOK

Objective:

To provide a tool which federations can use to effectively manage their federations, especially in transitions of power.

Scope:

Focus is mainly on the management of the Federation. In some cases only a broad overview is given of topics.

Other publications will address more specific chess-related areas e.g. Chess in Schools, Building the Federation Brand, Chess and Social Responsibility, etc....

FEDERATION MANAGEMENT HANDBOOK

Approach

- Initial draft prepared by Team PDC (Done)
- Review by targeted Federation Presidents for input
- Review by other relevant stakeholders: Management Board, Communications...
- Final Draft of content
- Design of publication (Can be done concurrently)
- Publish

The second #PDCFedForum was the first meeting with European countries: members of Albania, Jersey, Guernsey, Liechtenstein, Luxemburg, San Marino, Cyprus, Monaco, Montenegro and Malta Federations. For them, although OTB games stopped because of COVID-19 lockdown, they are doing online events and hope to return chess in school programs soon. One of the most exciting ideas was the mutual collaboration between nearest countries, in areas like training and administration. Mrs Sonja Johnson, PDC Chair, led the meeting, together with Mr Theodoros Tsorbatzoglou, European Continental Councillor; and the assistance of Mrs Carolina Munoz, PDC Secretary. We invite you to visit the PDC website <https://pdc.fide.com/> and know more about this project. #chess #gensunasumus #fide #chessineurope #checkmatetocoronavirus #togetherwearestronger

INTERVIEW WITH
CHESS.COM

"...we are talking about how countries should develop chess and that they should focus on the things they are weak at, not only at the things they are strong at."

Mr Arkady Dvorkovich,
FIDE President

CARBON FOOTPRINT MANAGEMENT

CARBON FOOTPRINT MANAGEMENT

- Key priority of the IOC
- Critical component of one of the UN Sustainable Development Goals
- Funding available to assist International Federations with their plans to reduce and manage carbon Footprint
- Team PDC met to discuss a few ideas around this topic
- Initial contact made with Denis Bochatay, Senior Sustainability Consultant * | * Quantis Switzerland on September 11, 2020 by PDC Chair
- Process towards management begins with understanding the baseline footprint of the organization.
- Quantis to send an initial proposal with some basic assumptions by end of September, 2020

CONCLUDING REMARKS

CONCLUDING REMARKS

- The restructuring of the PDC, with the **addition of a Chair, 2 more councilors (to make it a total of 4) and the addition of a Secretary** has contributed to an even higher level of effectiveness of the operations of the PDC.
- Most team members understand their roles and do their part in contributing to the work of the PDC
- The policy decision **to ensure Continents work/collaborate with Commissions** has proven to be successful and should be continued.
- As suggested prior, FIDE needs to develop a **Strategic Plan**. This must include FIDE's vision, mission, values, strategic goals and other key elements. Team PDC is willing to share a possible approach to complement the areas already shared by PDC Councillor, Tshepiso Lopang.
- The PDC Fed Forums, absolutely shows the need **to engage our members in a meaningful manner!** The PDC will continue doing this using varying formats.
- Priority must also be given to design a system for **online processing of funding applications**.
