Abu Dhabi, the Capital City of Sports, has a variety of outstanding facilities, and ADNEC is amongst the top of the list, having hosted major international and national exhibitions, conferences and sports events. Located in the heart of Abu Dhabi Island, it is the hub of diverse sport and entertainment offerings for all. The island also features other iconic amenities, all of which will further contribute to an unforgettable event experience.

The Perfect Sporting Destination

A leader in immersive and distinctive experiences, transformative luxury, cultural authenticity, and educational excellence

— Abu Dhabi Tourism vision

Leading Sports Tourism Destination

Abu Dhabi shines as a premium destination for sports tourism. The emirate has been bestowed with the title of the World's Leading Sports Tourism Destination – the highest accolade in the field of tourism – for the 10th consecutive year since 2013.

We frequently stage international sporting events and have invested heavily in world-class facilities for a wide range of sports, such as state-of-the-art stadiums, training centres and parks.

World-Class Sporting Venues

Abu Dhabi boasts impressive sport complexes that cater to everyone. One famous example is Zayed Sports City: a mammoth sports complex home to endless sporting possibilities and a wide range of world-class facilities, including the largest sports stadium in the UAE. We are also home to adventure destination Al Forsan International Sports Resort, as well as the family-friendly Abu Dhabi Country Club.

Nobody wants to give up their sports in hotter months. Fortunately, Abu Dhabi is also home to a wide array of indoor facilities for sports to be enjoyed all year round regardless of climate. Our recent examples include the ACTIVE Dome in Al Maryah Island (Abu Dhabi's biggest indoor football stadium) and Hodayriat Velodrome (the region's first Category 1 velodrome).

In short, Abu Dhabi is the perfect destination for anyone seeking an unforgettable experience that combines sports, culture, and adventure. We look forward to welcoming you to our city and giving you the opportunity to experience the best that Abu Dhabi has to offer.

Abu Dhabi – a city with high global connectivity

As the 19th best location in the world with regards to airline connectivity (World Economic Forum) and ranked 7th best in air transport services efficiency, we are well-placed to deliver a successful Chess World Championship.

The UAE is home to two of the world's leading airport hubs: Abu Dhabi and Dubai. It is also home to Al Bateen Executive Airport, which provides direct access to the city centre and allows visitors to easily reach their destination in an efficient manner.

Additional airports in the UAE also include Al Maktoum International Airport (DWC) and smaller airports such as Al Ain International Airport (AAN). Combined, these add a total additional capacity of more than 35 million passengers.

Using the Transportation Infrastructure

Parking Areas

All public parking zones in the emirate are paid zones. However, free parking in Abu Dhabi is available on Fridays and national holidays. There are thousands of parking meters installed throughout the city, which ensure easy access to parking spaces.

ADNEC Exhibition Halls, the venue for our proposed Chess World Championship in Abu Dhabi, will also house multi-floor large parking areas – providing utmost convenience for VIPs, competitors and spectators alike.

Road Network

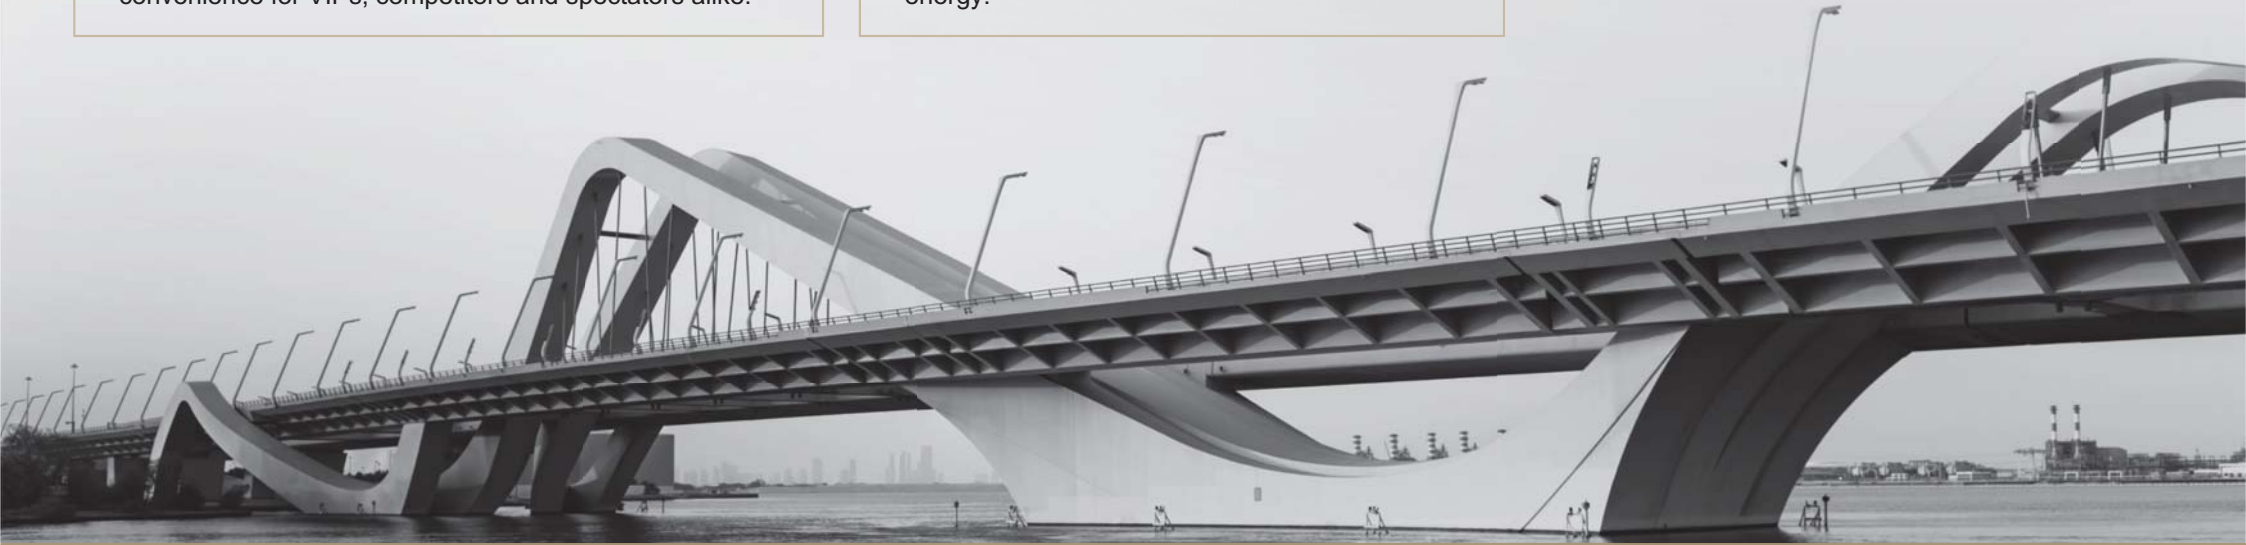

The UAE and Abu Dhabi enjoy one of the best road networks in the world. The road network is also extremely sustainable, as the Ministry of Interior Development replaced traditional lights with power-saving LED lamps on all federal roads spanning 710 km. The LEDs are less polluting, with less carbon emission than traditional lights. They also have a longer life that hits 10 years and saves 50% of consumed energy.

World-class Accommodation Options

Abu Dhabi is home to 169+ hotels, ranging from serviced apartments to 5-star hotels. Officials and VIPs will stay at one of our leading hotels in the city. The Official Hotel is to be discussed and confirmed with ADSC and the Chess Federation based on the finalised Chess World Championships programme in Abu Dhabi.

Community Accommodation

Visitors of Abu Dhabi can book private accommodation on platforms such as AirBnB, thereby giving our guests more options. All AirBnB hosts are registered with the Abu Dhabi Government, providing a layer of safety beyond what the platform already provides.

Price Control/Room rates

While price controls will not be imposed on hotels during the proposed Chess World Championship, Abu Dhabi is a frequent stager of international events and we do not foresee risks of price gouging. For the expected attendance, there is ample accommodation for all competitors and their families/guests. The UAE is also a politically stable nation, with low inflation rates expected through to the 2028 Championship. It is therefore unlikely that unexpected price hikes should occur with regards to hotels and related services.

Facilitating the Chess Operations

Offsite Operations

Our primary hotel options are drafted based on not just comfort and quality assurance, but also proximity and availability of key business facilities such as meeting rooms and high-speed Wi-Fi. These will allow the guests to operate as smoothly as possible from the primary hotel when not onsite at the race area.

Catering to All Your Needs

We have taken note of the following requirements :

- 01 Office
- 02 President Office

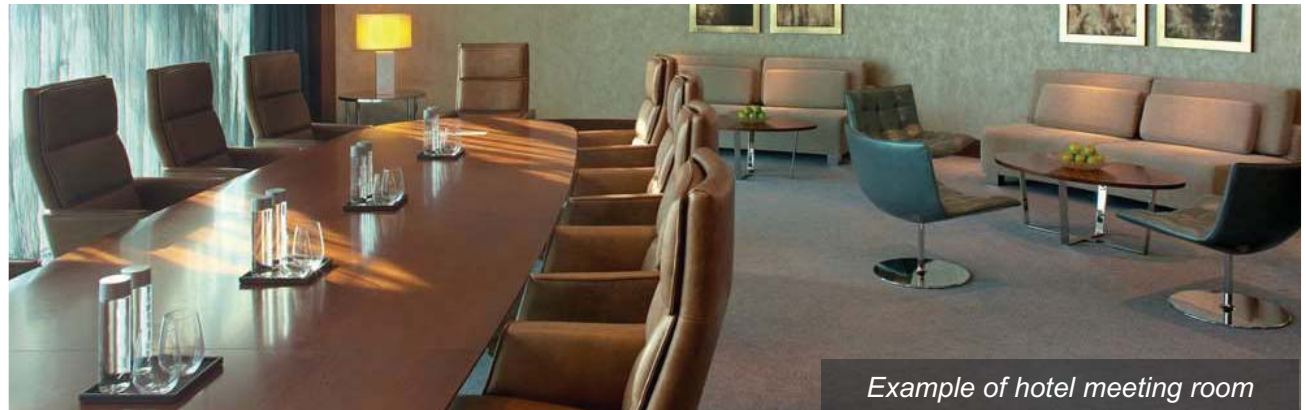

- 03 General Director office
- 04 Management committee meeting room

We are happy to receive further requirements from FIDE and will be at your disposal to ensure that they are all met.

Onsite Headquarters

There are different office rooms on the ground floor. Currently, over 200m2 of meeting rooms, offices and ancillary rooms (e.g. for storage) have been set aside for operations and event organizers of the Olympiad in 2028. The teams' onsite headquarters will also be strategically located next to the VIP, officials' office, and other key premises of the competition.

DELIVERING THE SAFEST EVENT

A Comprehensive Safety Plan

Safety at the Event For All

The organizers will work closely with all necessary public safety entities to ensure a safe event for all athletes and fans. ADNEC not only meets all standards of government regulations, but it is also designed with easy vehicle access in mind - easing potential large size vehicle movements (such as police vehicles and ambulances).

ADNEC will also be equipped with the necessary onsite medical support and qualified personnel to ensure everyone's safety.

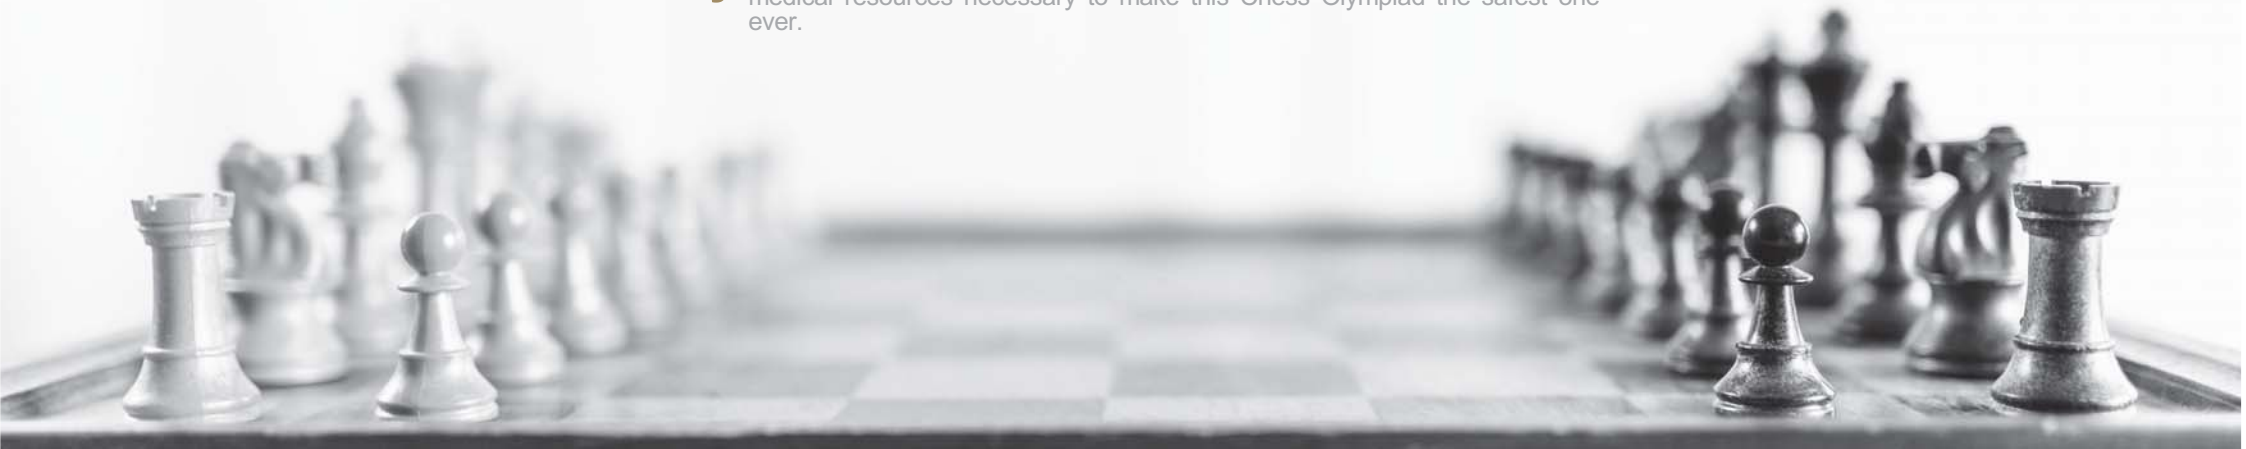

Security at the Event

The ADNEC exhibition halls will welcome a large crowd of regional and international fans, and the safety of everyone is our absolute priority. Therefore, ADNEC has built key measures in mind, such as:

- ▶ Temporary fencing to secure the perimeter around the extremities of ADNEC to secure a single point of entry to facilitate search, screening and ticket accreditation
- ▶ Several 5m x 5m covered entrance lanes at the different entry points will be used for screening
- ▶ Temporary wayfinding to be considered during the installation of the permanent directional / information signage

Your Safety is Our Priority

As a major exhibition hub, Abu Dhabi has a wealth of experience in organising the biggest international and national events and conferences. We are well-prepared in all situations and stand ready to mobilise all security and medical resources necessary to make this Chess Olympiad the safest one ever.

06

ENGAGING THE COUNTRY AND THE WORLD

The Media

Bringing the Olympiad to the Country and World

The 47th Chess Olympiad is the pinnacle of all events. Our objective is to position it as one of the UAE's biggest sporting events in 2028 as well as the cultural event that everyone should see and be at. We envision a comprehensive, three-pronged communications strategy that promotes the event extensively, locally and globally.

First, following the host announcement, we will partner key local stakeholders and activate their networks to quickly kickstart promotions and gain mindshare of the event. These would include ADSC, FIDE, UAE Chess Federation and other chess clubs under the Abu Dhabi Chess platform. Given their widespread reach and influence, we can strengthen local community engagement, build interest, and galvanise public participation at the event.

Second, we will implement a cross-media campaign for promotions leading up to, during, and after the Olympiad. Our aim is for the event to become a trending topic on traditional and social media alike. The stellar accomplishments of Team UAE, coupled with Abu Dhabi's strong culture, offer a rich bank of stories and topics that inspire and build affinity with our target audiences. An integrated strategy will be implemented to build a coherent storyline and leverage different media channels for fan engagement.

Third, we will complement the Olympiad with sideline activations and curate the entire experience as a mega cultural event. Such diverse offerings could include fan zones, tastings and community events for everyone seminars for players, arbiters, trainers, Chess exhibition halls. This will elevate the Olympiad and draw additional footfall and eyeballs to the event.

In summary, we are committed to bringing the Olympiad to everyone in Abu Dhabi and beyond: long-time fans of the Chess Olympiad, of all abilities, general sports fans, and individuals who simply wish to be part of this iconic cultural event. We look forward to packing the event venues, drawing an enthusiastic crowd, achieving strong television ratings and trending the event on social media.

Subject: Chess Olympiad and Congress 2028

Best wishes and greetings from ADSC,

On behalf of Abu Dhabi Sports Council I would like to express our satisfaction with the fact that the UAE Chess Federation has applied to host the Chess Olympiad and Congress in 2028 and FIDE is ready to consider this application.

The UAE has already hosted major FIDE events, including the 2014 Rapid Chess and Blitz World Championships and the 2021 World Chess Championship match, and we are confident that the 2028 Olympiad and Congress (if the FIDE Assembly grants the UAE such right) will be held at the highest level. We are sure that those guests of the Olympiad who participated in the 1986 Olympiad, also held by the UAE, will note the progress in all areas of cultural life and development that has been made during this period.

I ask you to consider this letter as an official statement of support for the above application and formal approval of this event by the Abu Dhabi Sports Council

Thanks and all due respect...
