Subject: Annex 3.2.1

Dear Mr.Arkady Dvorkovich

FIDE President

I have received the Agenda of FIDE online General Assembly ,to be held on 6th December 2020, and noted that one of the topics( 3.2 Federation issues) is extensively addressing the suspension of the IRAN Chess Federation .

I would like to draw the kind attention of the respectful presidential board and the esteemed members of the FIDE, to some points which are vital and of importance.

None of the attachments of the said agenda are legally and logically linked and attributable to Iran Chess Federation . Scrupulous looking into the attachments reveals that IRAN Chess federation has not played any part directly or indirectly .

Suspending Iran chess , directly affects thousands of chess players who earnestly devoted and tied their lives to Chess and pinned hope to a future in which they may provide their ability and talent in international matches . now painfully disappointedand disenchantd , find themselves as the real victim of anaction which I sincerely believe that could be reviewed with leniency , prior to the General Assembly

You and all of the members of FIDE are quite aware that long years of hardworking on developing Chess in IRAN is coming in fruition and being flourishing , top and brilliant Chess players have appeared on world scenes and tournaments

I wholeheartedly request the presidential board and the members of FIDE , instead of taking any hasty decision of suspension of the country with numerous talented Chess players , consent to forming a committee tasked with building a bridge of sporting diplomacy ,striving for finding an acceptable solution within a fixed period of time.

I highly appreciate if you kindly attach this letter to the Agenda and let it to be circulated among the members of FIDE.

Many thanks

Best Regards

H.Vice President
